Sean,

DEQ received the Arkema Early Action Draft Removal Action Area Characterization Report today. I will distribute it for review although pretty much the entire team is out this week.

During the review, it will be helpful to understand the current EPA model for integration of the Arkema EE/CA -early action with the Pdx Harbor FS/ROD – RD/RA process. Any insight would be appreciated. If we are holding a TCT this week, maybe we can briefly discuss.

Matt
